PAT KELLY

ROSE • RABBIT • ROSE

New Paintings and Drawings

Pat Kelly is well known for her large scale paintings of roses executed in the classical style. ROSE • RABBIT • ROSE is an exhibit featuring these large rose paintings, smaller rose paintings, and for the first time, her graphite drawings on paper. For Kelly, the creative process of drawing brings new images to life and often provides the inspiration for a fresh approach to the rose paintings. ROSE • RABBIT • ROSE is just that, rose paintings and drawings of rabbits.
