WILL GULLETTE

Idylls and Echoes

Exhibition of OIL PAINTINGS

August 17, 2024

Will Gullette is a remarkable landscape painter who presents to the canvas the same window of perception of nature that he has also delivered as a professional photographer and teacher for over 40 years. His paintings bring the spirit of the great French Open Air painters, with impressionist texture and pallets of similar color and hue onto the knap of canvas. One feels the outdoors quite readily, bringing the viewer into an experience and window of oneness with the flora of our local fields, forests and mountains of San Diego County. As in the image of “Desert Morning” portrayed here, we can sense the essence of our local desert and come away with the identity of what it is to be a San Diego county dweller. The Will Gullette “Idylls and Echoes” exhibition views through September 1, 2024.

The Champagne RECEPTION FOR Will Gullette is on Saturday, August, 17, 4-7 PM. The Santa Ysabel Art Gallery is at 30352 Hwy 78, Santa Ysabel, CA 92070.
